

Aruze confirm support for Japan Gaming Congress

LONDON (6 May)

The inaugural Japan Gaming Congress (JgC) which is taking place across 14th-16th May in Tokyo, continues to receive high level support from gaming's leading players following confirmation that Aruze has joined its roster of influential sponsors and supporters.

Aruze said: „We are excited about the new market potential for gaming in Japan. We are pleased to support the Japan Gaming Congress and be involved in a new event that opens up discussion and debate with all the key stakeholders.“

.

JgC

Rory Credland, Clarion's Senior Producer responsible for delivering Japan Gaming Congress said: „We are delighted to welcome an organisation such as Aruze which enjoys such a world class reputation to our community of sponsors and supporters. This news represents a major endorsement of the event, which will feature over 30 speakers who are experts in their respective fields. Japan Gaming Congress is the first opportunity for gaming professionals to engage with a cross section of opinion formers who will be active in helping to shape the gaming landscape and implementing the IR model in

Japan. It represents a ,must do‘ event for all commercial organisations wanting to be part of this key new market.“
