

The 10th International Gaming Awards (IGA) charity focused industry event welcomes VideoSlots on board as a Sponsor

The Awards evening only couple of months away when all the industry comes together to celebrate achievements of the past year and support good causes of Care International and other charities. Colin Thompson organizer of International Gaming Awards commented: „We are overwhelmed with the great support we are receiving from the gaming industry. It is IGA’s 10th anniversary and we are very proud that in the 9 years we managed to raise over £114000 for Care International alone, not counting other charities we support. We are very grateful to all of you!“
