

# NOVOMATIC's THUNDERCASH™ Link wins SAGSE Award

\*On the occasion of the SAGSE 2020 Awards, NOVOMATIC proudly won the award for the "Best Electronic Roulette" as well as the "Best Land-based Progressive".\*

Alan Burak, Vice President of Monografie, said: „The SAGSE Awards 2020 recognize last year's most outstanding companies, which have led this industry's journey towards recovery. The whole gaming industry has shown its strength, and adaptability based on social responsibility, health and safety measures, and above all, innovation in every aspect: This is and will be the comprehensive boost for the main players of the sector.”

The SAGSE Awards are based on an independent industry jury of over 2,500 votes from customers and industry participants all over Latin America. 30 categories comprise the diverse industry segments including land-based, online and lotteries, as well as many other industry players such as media and gaming labs. This year's award ceremony took place within the framework of the SAGSE powered Play'n GO event at the Hipódromo Argentino de Palermo on February, 24th.

NOVOMATIC was among the proud winners, with awards for the “Best Electronic Roulette” offering including the NOVO UNITY™ II, Lotus Roulette™ and single player Pinball Roulette™ as well as for the hugely popular THUNDERCASH™ Link as the “Best Land-based Progressive”. Both are player favourites across the Latin American region.

Max Bauer, NOVOMATIC V.P. LATAM & Caribbean, said: “It makes me particularly proud to see this recognition, knowing first-hand how diligently our teams in each country worked with our customers to find the best configuration, placement and promotions for our THUNDERCASH™ Progressive.”

Congratulations also came from the Austrian headquarters from the newly appointed V.P. Global Sales, Jakob Rothwangl: “My congratulations and thanks to all our LATAM teams for their hard work and dedication.”
