

Third time is a charm – Merkur Casino opens another exclusive entertainment center in Constanta / Romania

Expansion in the sign of the Merkur sun

Espelkamp/Constanta – September 25, 2008 saw the grand opening of the new Merkur Casino location in the Romanian seaport city of Constanta. Many local celebrities and VIPs had accepted the invitation of managing director Rolf Falke and country director Eduard Radulescu and used the entertaining evening as an opportunity to get to know the Merkur Casino “made by Gauselmann Germany” including the latest roulette and modern AWP machines.

The successful subsidiary of the Gauselmann Group has been present in the seaside town that is both interesting for tourists and for business since 2005.

For Rolf Klug, member of the management board of the Gauselmann Group and responsible for the Merkur Casino European-wide activities, developing new sites in Eastern Europe is part of the important milestones of a continuous growth strategy. “Being quick and agile in the markets is invaluable when it comes to positioning our innovations – products including services – profitably in the specific target-markets.” Meanwhile, entertainment centers under the

Merkur sun, the distinct symbol of luck, are highly appreciated as a guarantor of innovative leisure time culture in 11 European countries.

The new Merkur Casino in Constanta features a total gaming surface of 450 square meters including two roulette tables for eight players each and in addition more than 50 other ultra-modern casino products offering unrivalled gaming fun around the clock in an exclusive ambiance.
