

# Silver Cloud Joins CAI Fleet

**New casino opens on board the inaugural ship in the Silversea Cruises fleet.**

Casinos Austria Maritime is delighted to welcome the Silver Cloud to its fleet of cruising casinos from March 2011. Launched in 1994, Silver Cloud was Silversea Cruises' inaugural vessel and is the 5th Silversea vessel to join the Casinos Austria Maritime fleet, making Casinos Austria Maritime now the sole casino operator for the acclaimed ultra luxury cruise line.

Silver Cloud

The intimate, yet inviting casino will be located next to the main bar and will offer a choice of three American Roulette and Blackjack tables, as well as 15 of the latest multi-denominational slot and video poker machines.

Silver Cloud epitomizes everything that is Silversea. Since her launch, Silver Cloud has taken her guests to all corners of the globe in superlative Silversea luxury. Designed to provide the most intimate of sailing experiences, a Silver Cloud cruise provides 296-privileged guests with the luxury of space and the ability to slip into exotic ports off the beaten path. Each ocean-view suite provides a sumptuous retreat, and Silver Cloud is often described by returning guests as their own private yacht, their home away from home.

During 2011 and 2012, Silver Cloud is set to explore amazing destinations like the Caribbean, Mexico, Iceland, Scandinavia, the United Kingdom, the Mediterranean, South America and the Amazon.
