

Casino history on show at Swiss museum

ICE TOTALLY GAMING

Part of casino history will go on show at The MoneyMuseum Zurich, Switzerland in April when a collection of Jetons, including rare originals, will form an exhibition entitled, 'Trying your Luck'.

Jetson collector and owner Reinhold Schmitt said: "The idea to show original Jetons from my collection to an interested audience at a real museum, has been in my mind for quite a while. I'm more than happy to have found such a renowned and experienced museum partner like the MoneyMuseum that will now realise this idea." The exhibition runs from April, 4th 2012 until February 2013.

For more information on the exhibition please visit Reinhold at the ICE 2012 on stand no 3080.
