

# Ground-breaking innovations in Las Vegas from AGI

AGI presents stunning new game highlights and software innovation at G2E.

Novomatic's wholly owned subsidiary, Austrian Gaming Industries GmbH (AGI), is going to launch a diversified portfolio of five new game introductions, and a ground-breaking software innovation in the form of multi game platforms, at the upcoming G2E in Las Vegas.

In titles such as Diamond Trio™ – players become part of an ultimate mission and experience the thrill of life as a secret agent, Oliver's Bar™ – the best bar in the world with its extraordinarily lucrative Lucky Hour feature, Royal Treasures™ – during the free games all prizes are multiplied by 3 to expand the kingdom, First Class Traveller™ – three or more scattered AIRLINE trigger 25 free games, and Gryphon's Gold™ takes players on a fantastic trip through dark woods where mystic creatures are lurking on the path to the hidden treasures guarded by the Gryphon.

The new games will be presented on AGI's big selling machine Gaminator®, which incorporates the full range of Coolfire® platform functionalities and features a space saving cabinet in elegant silver of only 440mm depth. Two extra large TFT screens tilted to each other for increased player convenience display exciting 3D animations and complex graphics for an enhanced gaming experience. Touch interface, player tracking options and superior stereo sound complete the product features.

**Another groundbreaking highlight will be the presentation of Multi Roulette NOVO Unity™.**

NOVO Unity™ was launched for the Touchbet™ Roulette family of products and is a server based multi game platform that allows different games such as Touchbet™ Roulette, Novo Flying Roulette™, Novo Multi-Keno™ and Novo Touchbet™ Live-Sic Bo to be run on different terminals in the same casino. This offers the ultimate in flexibility and comprehensively demonstrates not only the ability and effectiveness of the product but also the commitment to continue to produce a robust and customer driven system.

Austrian Gaming Industries GmbH looks forward to welcome you at G2E on Booth Nr. 2742.
