

ICE to demonstrate live hack as part of Think Tank feature

London (23 December) – Ian Reynolds, an IT security consultant working for MTI will be at ICE Totally Gaming – taking place at London’s ExCeL (February 4-6) – to demonstrate a real time hack as part of the IT, Digital & Security Think Tank feature being held in the South Hall across all three days.

The Think Tank format comprises a topic per day, with seminar sessions dedicated to Digital Marketing (Day 1), Data and IT (Day 2) and closing with Security on Day 3. A total of 15 exhibitors will be holding the 30-minute thought leadership discussions and presentations, which are being staged in a custom-built seminar theatre with a capacity of 60. Entry is free and on a first come basis.
