

The Quality Group massively expands its operations in Hamburg

Everything at The Quality Group (TQG) is pointing towards growth. Gaining ever more new customers in the field of Enterprise Information Management and further cooperation with state-run lottery companies is demanding the rapid expansion of the TQG operation in Hamburg.

On 18 th May 2015 TQG moved into its new offices:

The Quality Group
Lübecker Str. 128
22087 Hamburg

All telephone numbers remain the same.

With around 1,300m² of office space, there is plenty of room for the ever-growing team. Both staff members and customers are delighted with TQG's new location – right in the heart of Hamburg, with direct connections to the U-Bahn, S-Bahn, bus stops and a Stadt-Rad bicycle station right by the front door.
